Brief Profile

Brainware University established on February 25, 2016, is located in Kolkata city on a 9-acre sprawling, green, ragging-free campus at Barasat and well connected with transport facilities from all the directions of the city. The University, since its establishment, has grown both in size and strength and has been relentlessly working towards the cause of “Empowering Through Quality Education”. Brainware University remains indebted to the leadership of Mr. Phalguni Mookhopadhyay, an Eminent Educationist, whose vision has helped in creating as one of the elite Institutes of the Nation.

To cater to a student population of over 10000 with 550+ Faculty members, 9 (nine) Schools of the University offers a wide range of nearly 55+ professional programs like Management, Hospital Management, Commerce, Engineering in Civil, Mechanical, Electrical, Electronics & Communication and Computer Science disciplines, Biotechnology

and Microbiology, Pharmacy, Cyber Science & Networking, Mathematics, Multimedia, Media Science and Journalism, Law, English, Mathematics, Psychology, Allied Health Sciences, Agriculture, Food & Nutrition, Nursing etc. At Diploma, UG, PG and Ph.D. level. The basic objective of the University is to make skilled manpower through effective use of emerging technological tools coupled with beyond curriculum study materials and to bridge the gap between industrial needs and academics. The cost of education is more affordable best among the reputed Institutions in West Bengal. No student has been denied the opportunity of learning at the University for monetary reasons. Liberal fee concessions, scholarships, affordable accommodation is provided for deserving students to encourage and excel in academics.

Vision

Brainware University aims to cast a transformative light on society and students by promoting quality education and research facilities at affordable fees in order to create an unceasing flow of quality human resource capable of successfully overcoming the global challenge of tomorrow and contribute constructively to the forefront of knowledge.

Mission

- Create market- driven, diverse and interdisciplinary under graduate and post graduate programmes that effectively combines quality with affordability.
- Pursue significantly new educational and research initiatives and develop young professionals who will be exceptionally proficient in their own fields with an insatiable hunger for knowledge.
- Seek to attain the highest standard in academic excellence by building the best possible industry-academics interface.
- Actively encourage entrepreneurship among students through well planned training programmes and creation of incubation facilities.
- Proactively undertake skill development and women empowerment in the rural areas.
- Develop a fully functional Centre for Liberal Arts to encourage creativity among all students.

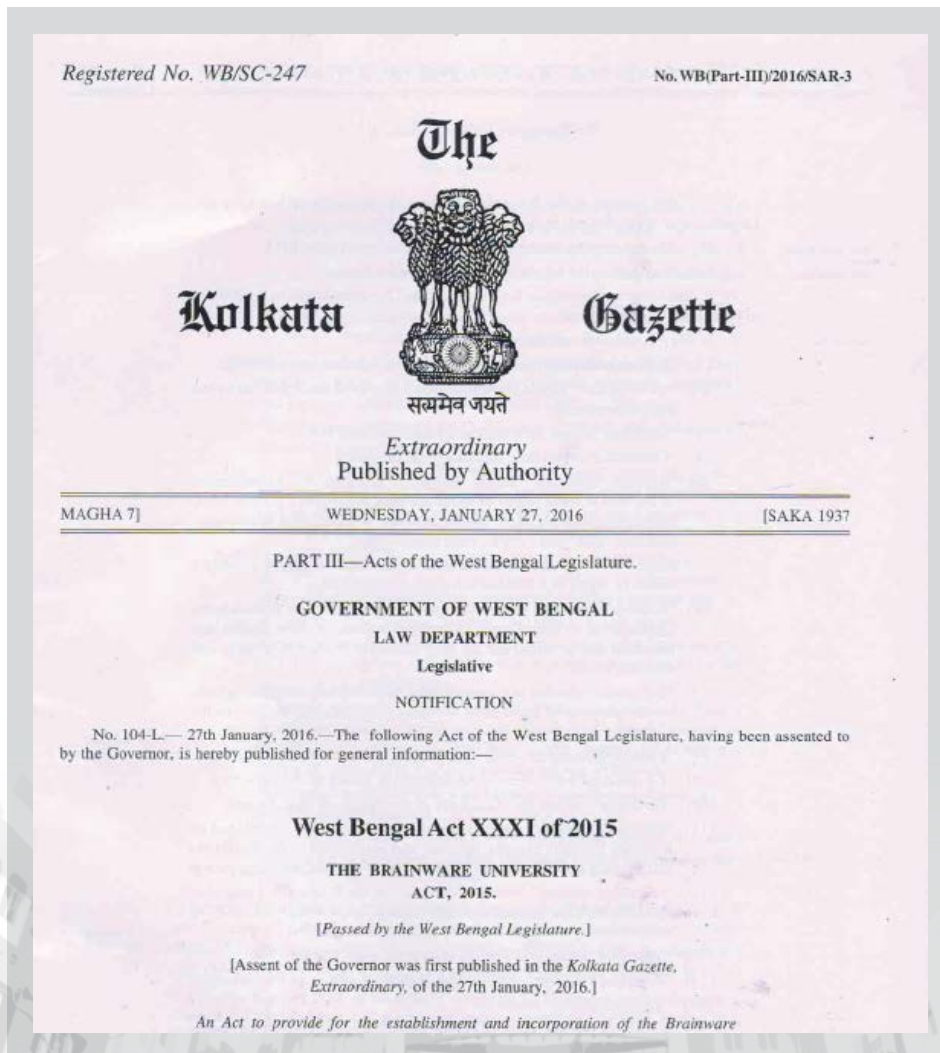

Quality Policy

Providing the state-of-the-art infrastructure and quality education through faculty development programme, updating of facilities to meet cutting-edge technology and continual improvement for meeting norms laid down by the government, keeping the stakeholders satisfied. Brainware University has a culture to indulge industrial connection with top MNC's worldwide which assures employ-ability, research and innovation through high educational standards.

Mandate

The Brainware University Act, 2015 has been passed by the West Bengal State Legislative Assembly, and the same has been published in Kolkata Gazette, Extraordinary on January 27, 2016. The provisions of the Brainware University Act, 2015, have come into effect from February 25, 2016, through the Government of West Bengal Notification (No. 165-Edn (U)/IU – 125/2014) on February 24, 2016.

Recognition

Brainware University is recognized by University Grants Commission (UGC), a statutory body of the Government of India established for the coordination, determination and maintenance of standards of university education in India.

Brainware University Is recognised by the Ministry of Education, Govt. of India.

Brainware University is recognized by Department of Scientific and Industrial Research (DSIR) as Scientific & Industrial Research Organization (SIRO).

From the Desk of The Chancellor

**Mr. Phalguni
Mookhopadhyay**

Chancellor
Brainware University

Brainware University has been striving to bring quality education to students from all strata of society in a bid to promote higher and professional education in India and overseas. With research and extension activities at the core of our vision, Brainware University emphasises application and innovation that cater to emerging societal needs through all-round development of students, enabling them to be globally competitive and socially responsible citizens with intrinsic values. It is said that “a good objective of leadership is to those “who are doing poorly to do well” and to “who are doing well to do even better.” We, at Brainware University, look towards providing such an academic environment.

Our aim has always been to make quality education affordable for students coming from all strata of society as well as help them ease into successful careers of their choice. In fact, implicit trust in us by the society and the good wishes as well have motivated us throughout and these have made our University Campus at Barasat one of the best in West Bengal. World-class infrastructure, expert teacher, exhaustive pre-placement grooming, soft skills training, an efficient placement cell, pan-India network of clients and consultants, equal stress on academics and discipline are those which differentiate among us from others. Our task does not end with teaching alone. We make sure that our students are employable.

We strongly believe Brainware University is marching ahead in the right direction providing a holistic education to the future generation and playing a positive role in nation building. We reiterate our endeavour to provide premium quality education accessible to all and an environment for generating “**Global Professionals**”.

From the Desk of The Vice Chancellor

**Prof. Sankar
Gangopadhyay**

Vice Chancellor
Brainware University

Brainware University possesses a strong foundation of modern infrastructure, qualified faculty, active learning processes and penchant for scholarly research. It is a hub of multidisciplinary education that offers a wide range of academic programmes, starting from graduation, through post-graduation in IT, Management, Skills, Humanities and Science. The University actively encourages a culture of openness to help each student gain mastery over his or her discipline, develop vision, attitude and aptitude, upgrade knowledge and skills, instil a sense of competitiveness, as well as creative expressions. Our focus is not just to create responsible technologists, leaders, teachers, entrepreneurs and creative personnel, who will drive society and the economy, but rather, stellar human beings.

All the programs offered by Brainware University follow the Choice Based Credit System (CBCS) with outcome based approach. Bench marked with the course of studies of various institutions of repute, our curriculum is extremely contemporary and is a result of brainstorming efforts of great think-tanks: a large number of faculty members, experts from industries and research level organizations. The evaluation mechanism employs continuous assessment with grade point averages. We believe sincerely that it will meet the aspirations of all stakeholders – students, parents and the employers.

Against the backdrop of the country's growth economy and ambitions, Brainware University's vision and mission are touted to carry forward a whole new generation and preparing them for a world that has the skill, capacity, nuance and empathy to tackle a world that is dynamic, and unpredictable.

Collaborations

Collaborations were done with many renowned organisations:

1: PAN India Apollo Super Speciality Hospitals (72 units) for our students' academic development in the form of training and learning. This partnership marks a significant milestone, as we are the first institute in Eastern India to join hands with Apollo Hospitals Enterprise Limited for such an initiative.

Our students will immensely benefit from this collaboration, as their placement will be seamlessly processed by the training itself, provided they meet the satisfaction criteria.

2: Wipro: The program is aimed @ developing an accessible avenue for domain learnings & professional development of the students to improve their employability post successful completion of the program.

And many more...
